Honolulu merchants need Bulletin readers in their business

On Nov. 6, the Bulletin had 135 inches more advertising than its nearest competitor. Experience has taught many Honolulu merchants that it pays to use the most space in the Bulletin.

WM. G. IRWIN NAMED PRESIDENT OF PLANTERS LYNCH LAW HAS NO STANDING

Planters In Session After Record Crop Year

President Damon Presents Interesting Report to Members of Association.

Another record crop was reported at the annual meeting of the Hawaiian Sugar Planters' Association, which was opened this morning in the rooms of the association in the Judd building, and the reports of the president, S. M. Damon, and Secretary W. O. Smith disclosed a very satisfactory state of affairs in the industry generally.

During the 1908-1909 season the largest crop ever harvested from Hawaii sugar fields was taken off. No less than 535,156 tons of sugar was the yield, and for most of it a most satisfactory price was obtained.

All the various sugar plantations were represented either by their managers or agents, and sixty members were present at the meeting.

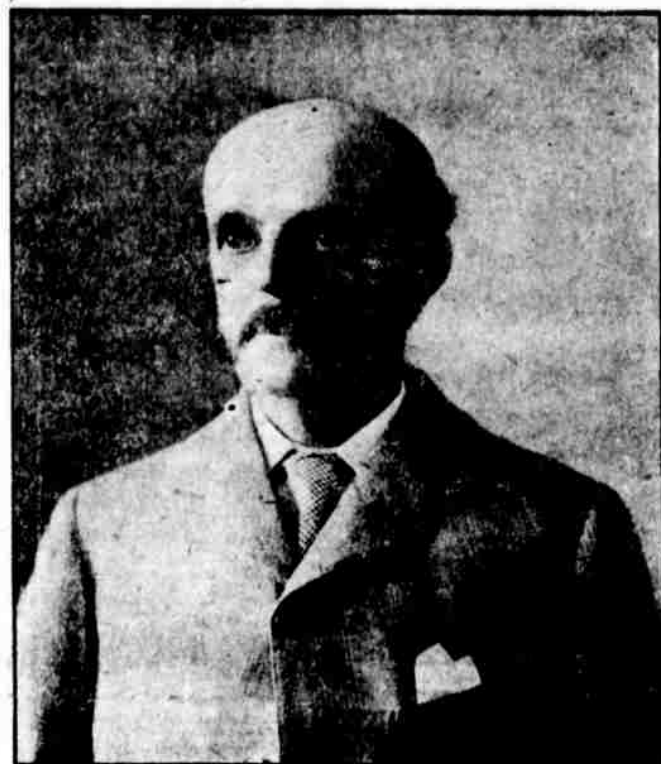

After the president had read his report, which is published below, the secretary, W. O. Smith, presented his report, given here in full.

During the time the strike was on, the trustees had to meet frequently, and the arranging for strikebreakers had been mostly in the hands of R. D. Meach, who had done very valuable work.

F. M. Hatch, the planters' special representative at Washington, was still doing good work and the outlook for the future seemed brighter than ever.

The election of the trustees of the association resulted in the re-election of the gentlemen who acted last year, all being unanimously chosen. The secretary cast the ballot of the association, as follows: S. M. Damon, E. D. Tenney, F. M. Swamy, H. P. Baldwin, W. O. Smith, W. G. Irwin, E. F. Bishop, J. F. Hackfeld, F. A. Schaefer.

The president then announced that no further business would be done till 1:30 p. m., and the meeting adjourned. Various reports on different departments of the sugar

Retiring President of the Planters' Association. Who Served During a Very Important Period.

industry are to be read and many interesting discussions are looked forward to.

The following members of the Association were present at this morning's session: W. H. C. Campbell, Geo. Chalmers, S. M. Damon, G. F. Davies, J. Fassett, Geo. Gibb, James Gibb, W. M. Giffard, R. Hall, John Hind, C. C. Kennedy, A. Lidgate, J. H. Mackenzie, R. D. Meach, J. R. Myers, E. E. Paxton, T. H. Petrie, G. F. Renton, J. M. Ross, W. O. Smith, John Watt, Geo. C. Watt, E. H. Wodehouse, J. W. Waldron, Atkins Wright, A. Ahrens, John Chalmers, W. W. Goodale, H. B. Penhallow, R. Catton, J. T. Moir, James Webster, E. K. Bull, R. S. Hosmer, H. H. Renton, W. Lang, J. M. Dowsett and several other Honolulu business men.

To the Officers and Members of the

Hawaiian Sugar Planters' Association.

Gentlemen:—To-day marks the 29th Annual Meeting of the Hawaiian Sugar Planters' Association, and I am much gratified to see so many members present to participate in our proceedings. On behalf of the Trustees I have much pleasure in extending to you all a very cordial welcome and an appreciation of your attendance.

It appears to me that the presence at these annual sessions of every plantation manager who can possibly make arrangements to attend is a matter of special importance. The sugar business constitutes the main source of the wealth and prosperity of these islands, and the success of that industry lies very

Officers

W. G. Irwin, president
Wm. Pfotenauer, vice president.
W. O. Smith, secretary
L. J. Warren, assistant secretary.
G. H. Robertson, auditor.

The above officers were elected by the trustees of the Planters' Association at the meeting held this afternoon.

A vote of thanks was tendered to the retiring president, J. M. Damon, and he returned thanks for the honor. As both the new president and vice president were absent from the meeting, E. D. Tenney was elected chairman for the afternoon.

The report of the committee on Cultivation and Fertilization of Unirrigated Plantations was then read by Secretary Smith. It was a carefully compiled report and showed much deep thought by Chairman A. Lidgate.

C. BREWER & CO. TAKE ALL AGENCIES

President Bishop Speaks
Briefly of Deal
With Irwin

"We have taken over all the agencies, Hutchinson included, unless something has happened since I left the Coast," said E. Faxon Bishop, president of Brewer & Co., this morning in speaking of the deal for the merger of Irwin & Co. with Brewer & Co.

"I guess the local people have all the information there is to be had. Brewer & Co. on the first of the year simply takes the place of Irwin & Co. in connection with all its agencies."

"Yes, we take over the Oceanic steamship agency and as far as I know there will be no change or consolidation of steamship companies as a result of our being interested in the Matson Navigation Company."

"The Oceanic people are talking of putting the Sierra on this route while the Alameda is laid up for a general overhauling. The management in San Francisco are looking into the matter of putting the larger steamship in shape for the local run."

MEN OF FINANCE AND PROMINENCE

They Return Home
by Steamer
Siberia

Many people prominent in financial and social circles returned to Hawaii on the good ship Siberia, one of the most popular vessels in the Pacific Mail fleet.

It looked like Alameda day at Oceanic wharf as the big liner slowly steamed up to a berth about 9 o'clock this morning. The Siberia came down from San Francisco in a little less than six days. She has four hundred tons of cargo for Honolulu and the freight destined for Japan ports and Hongkong will hardly total three thousand tons.

The Siberia's cabins were pretty well taken up with the fifty or more passengers who leave the ship at Honolulu. The trip down from San Francisco was without incident. The weather was fair and as the Siberia is a steady craft, the large throng of travelers all report having had a fine time.

The vessel is transporting nearly five hundred Asiatics to their native land. Several Hindoos are included in the picturesque but noisy throng that swarmed the forward and after decks of the vessel.

Of the prominent through passengers is Hon. W. A. Rublee, who is the newly appointed United States Consul for Hongkong. He goes to the British colony to take up the official duties caused by the transfer of A. F. Wilder to Shanghai.

Mr. Rublee is accompanied by Mrs. Rublee and child.

H. A. Baldwin and Mrs. Baldwin are returning from a visit to other mainland. Mr. Baldwin is the manager of the Maui Agricultural Company and he has been attending to important business while away.

L. B. N. Boreiko, the storekeeper of Kilanea plantation, comes back after a vacation spent in the United States.

"The Hawaii building was a popular rendezvous with a large percentage of the vast throng that visited the Alaska-Yukon-Pacific exhibition held at Seattle," was the comment of Commissioner A. F. Knudsen, who returned by the Siberia. Mr. Knudsen was accompanied by Mrs. Knudsen, and he has been away for several months. The Hawaii exhibit proved a Mecca which attracted thousands of visitors. Much interest has been awakened on the mainland and especially throughout the Northwest concerning the mid-Pacific islands by the display made at the big fair.

Joe Leal, chief of detectives, comes back to face his accusers who have charged him with having become embroiled with grafting. Leal had hardly reached the Coast before he received cables telling of the accusations made against him. He promptly cancelled all his engagements for

Lynchings Must Stop

WASHINGTON, Nov. 15. — The Federal Supreme Court gave a decision today that has a very direct bearing on the system of justice by lynchings that has been in vogue in many parts of the country.

The court upholds the decision of a lower court under which a sheriff and jailor of Tennessee were sentenced to imprisonment for permitting a lynching.

Calhoun Is to Gain Delay

SAN FRANCISCO, Nov. 15. — The second trial of Patrick Calhoun for bribery of City Supervisors has been postponed until Dec. 6.

It is generally believed that the prosecution of Calhoun will not be pressed until the new city government officers take control, and it is thought that the new officials will not press the case against the president of the United Railway. The result of the election will probably be taken as a declaration that the city considers the graft prosecution to have gone far enough.

Beets Up

SAN FRANCISCO, Nov. 15. — Sugar — Beets, 88 analysis, 12s 6d. Parity, 4.65 cents. Previous quotation, 12s 4 1-2d.

Canary 'Quake

ICOD TENERIFFE, Canary Islands, Nov. 15. — A severe earthquake was felt throughout this island today.

Portugal's King Visits Windsor

WINDSOR, England, Nov. 15. — King Emmanuel of Portugal was today the guest of King Edward VII. at Windsor Castle.

Young Woman Ends Life. — New York, Oct. 22. — Miss Leah Oppenheimer, formerly of Butte, Mont., shot herself through the heart at the home of her sister, Mrs. George L. Swymans, late today. Death was instantaneous. Miss Oppenheimer was 30 years of age and had suffered long with a chronic affection of the nerves.

Y. M. C. A. Building Opened. — Manila, Oct. 20. — The handsome new building of the Young Men's Christian association, erected at an expense of \$125,000, was opened tonight. The principal address was made by former Vice President Fairbanks.
